MeetHub

Done by:

Kumar, Aditya akumar61@hawk.iit.edu

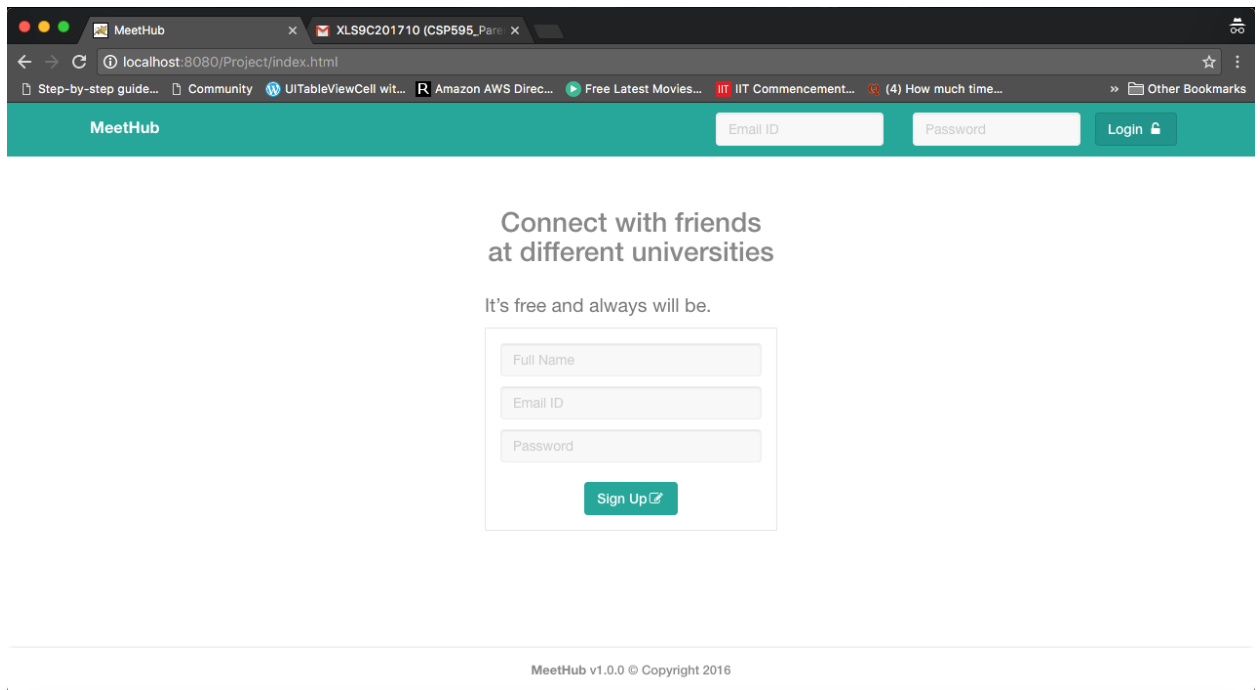

Kolur Prabhu, Keerthana kkolurp1@hawk.iit.edu

Thomas, Titus tthoma18@hawk.iit.edu

Naaz, Uzma unaaz@hawk.iit.edu

Kai, Vinay vkai@hawk.iit.edu

1. Home Page of the website:

The screenshot shows the MeetHub home page in a web browser. The browser's address bar displays 'localhost:8080/Project/index.html'. The page features a teal header with the 'MeetHub' logo on the left and a login section on the right containing 'Email ID' and 'Password' input fields and a 'Login' button. The main content area has the heading 'Connect with friends at different universities' and the subtext 'It's free and always will be.' Below this is a registration form with three input fields: 'Full Name', 'Email ID', and 'Password', followed by a teal 'Sign Up' button with a checkmark icon. The footer is a light gray bar with the text 'MeetHub v1.0.0 © Copyright 2016'.

2. User tries logging in with wrong password:

This screenshot shows the MeetHub login page after an incorrect password attempt. The browser's address bar now shows 'localhost:8080/Project/WrongPassword.html'. A prominent red error banner at the top of the main content area reads 'Wrong Password! Kindly use correct login credentials.' with a close button (X) on the right. The rest of the page, including the teal header, the 'Connect with friends' heading, the registration form, and the footer, remains identical to the first screenshot.

3. User tries to register with an already existing email address:

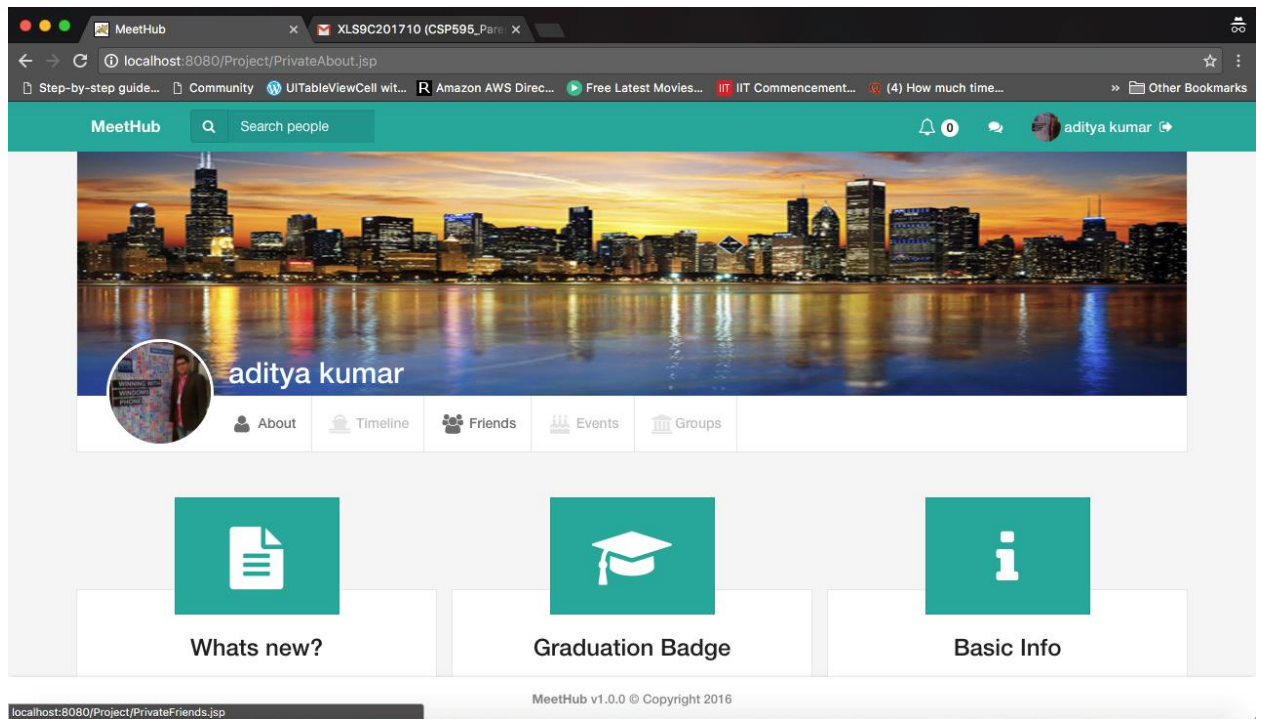

The screenshot shows a web browser window with the URL `localhost:8080/Project/indexNotUnique.html`. The MeetHub header is teal with a navigation bar containing links like 'Step-by-step guide...', 'Community', and 'UITableViewCell wit...'. Below the header, an orange warning banner reads: 'Warning! User already exists. Kindly try logging in.' The main content area has the heading 'Connect with friends at different universities' and the subtext 'It's free and always will be.' Below this is a registration form with three input fields: 'Full Name', 'Email ID', and 'Password'. A green 'Sign Up' button with a checkmark icon is at the bottom of the form. The footer is a light gray bar with the text 'MeetHub v1.0.0 © Copyright 2016'.

4. Prompt after user tries registering with invalid email address:

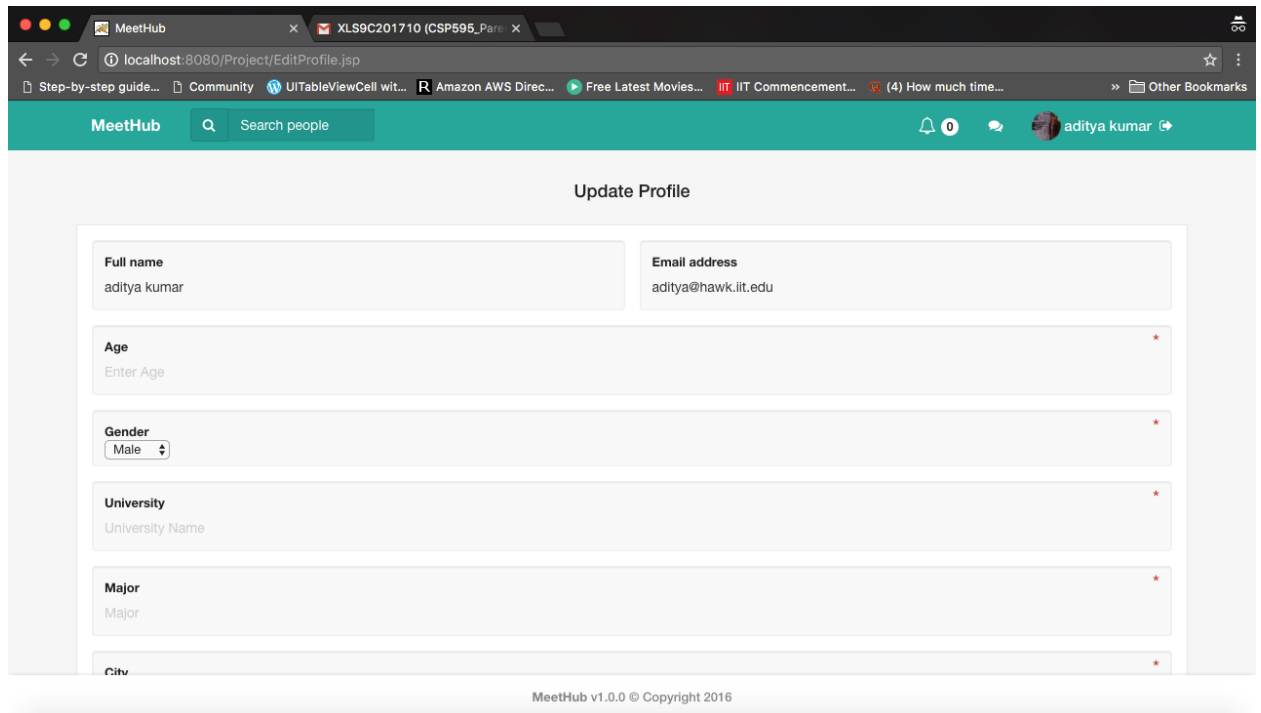

The screenshot shows a web browser window with the URL `localhost:8080/Project/indexInvalidEmail.html`. The MeetHub header is teal with a navigation bar containing links like 'Step-by-step guide...', 'Community', and 'UITableViewCell wit...'. Below the header, a red danger banner reads: 'Danger! This is not a valid email id. Please use a '.edu' email.' The main content area has the heading 'Connect with friends at different universities' and the subtext 'It's free and always will be.' Below this is a registration form with three input fields: 'Full Name', 'Email ID', and 'Password'. A green 'Sign Up' button with a checkmark icon is at the bottom of the form. The footer is a light gray bar with the text 'MeetHub v1.0.0 © Copyright 2016'.

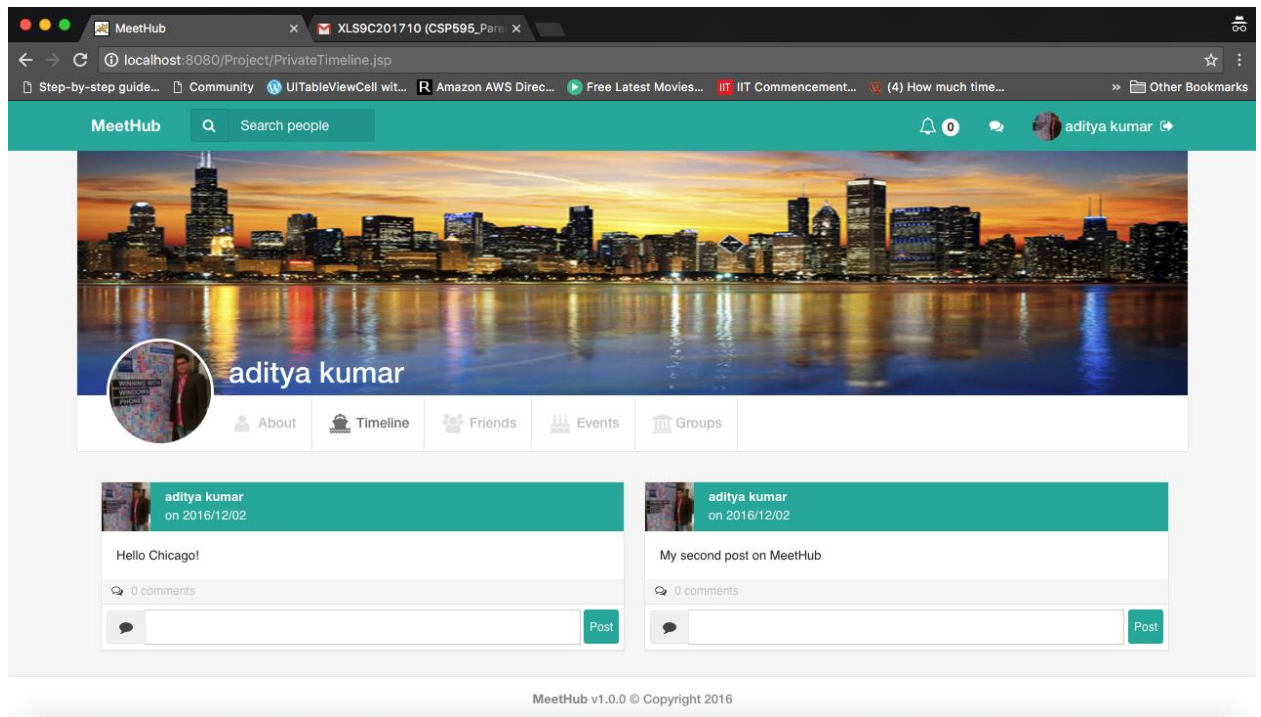

5. Profile Page of a User:

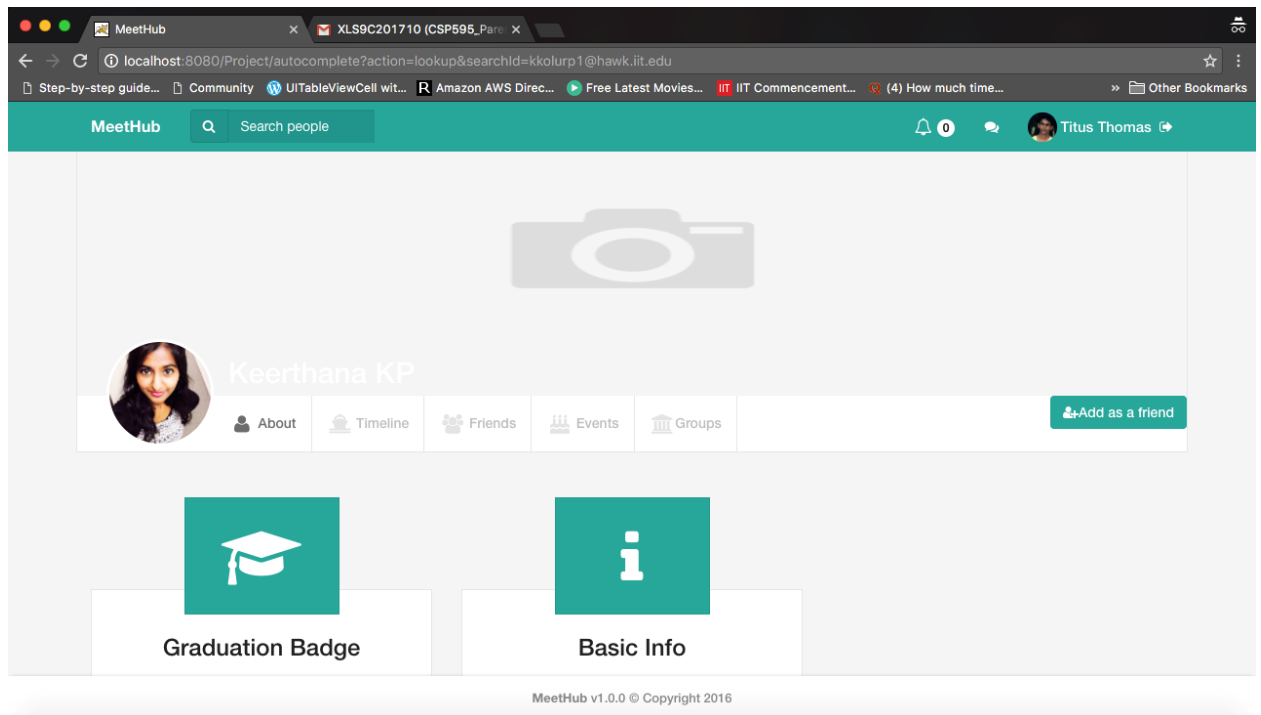

6. Update Profile screen:

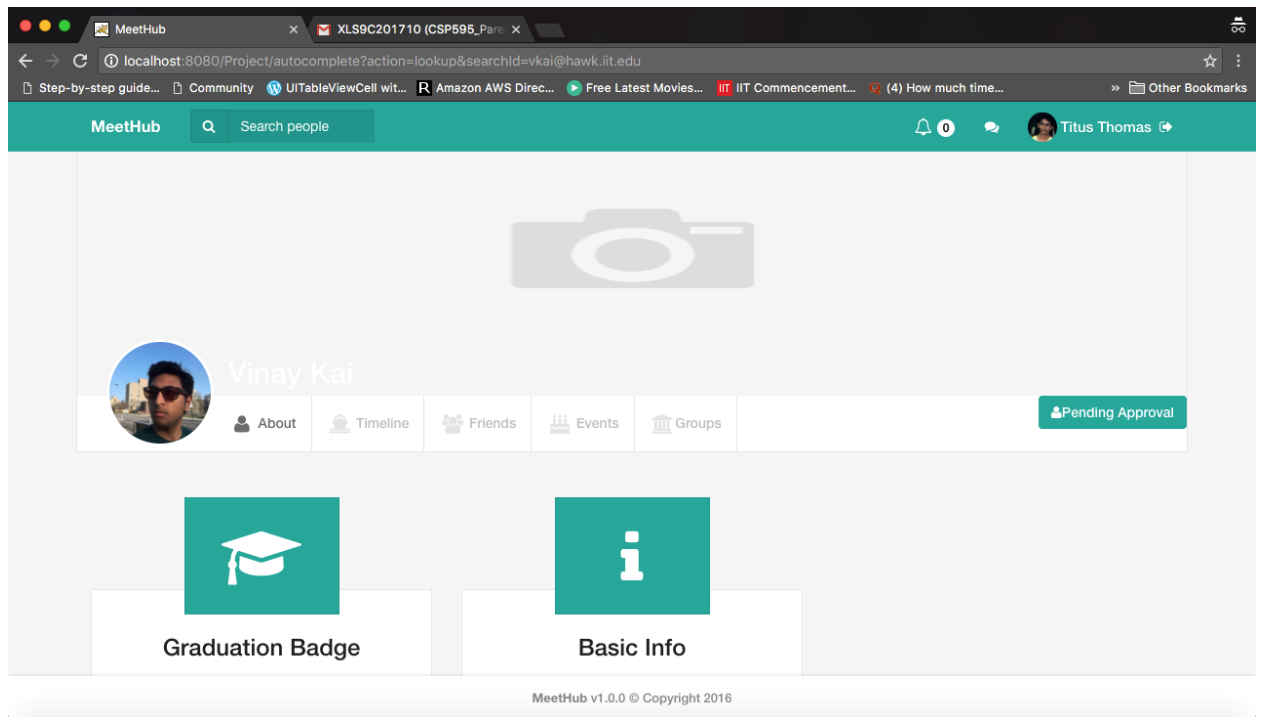

7. User Timeline where posts are mentioned:

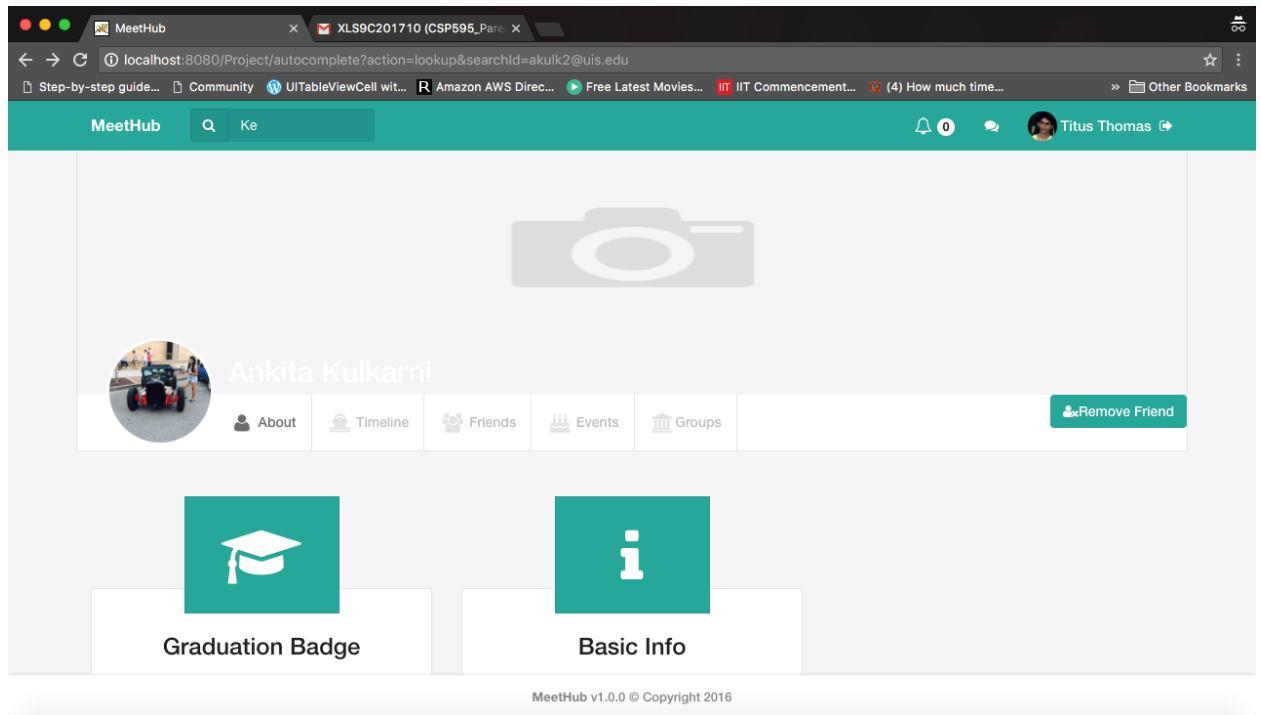

8. User adding a friend:

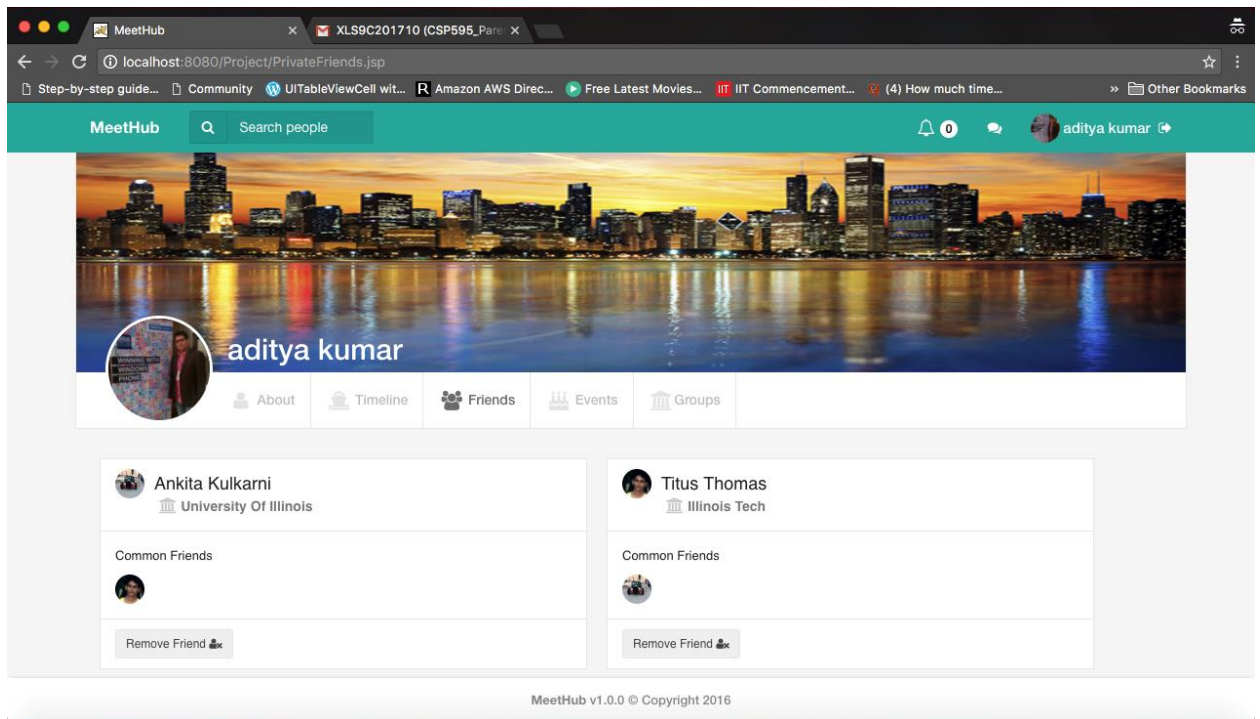

9. After adding a friend, we get a pending approval:

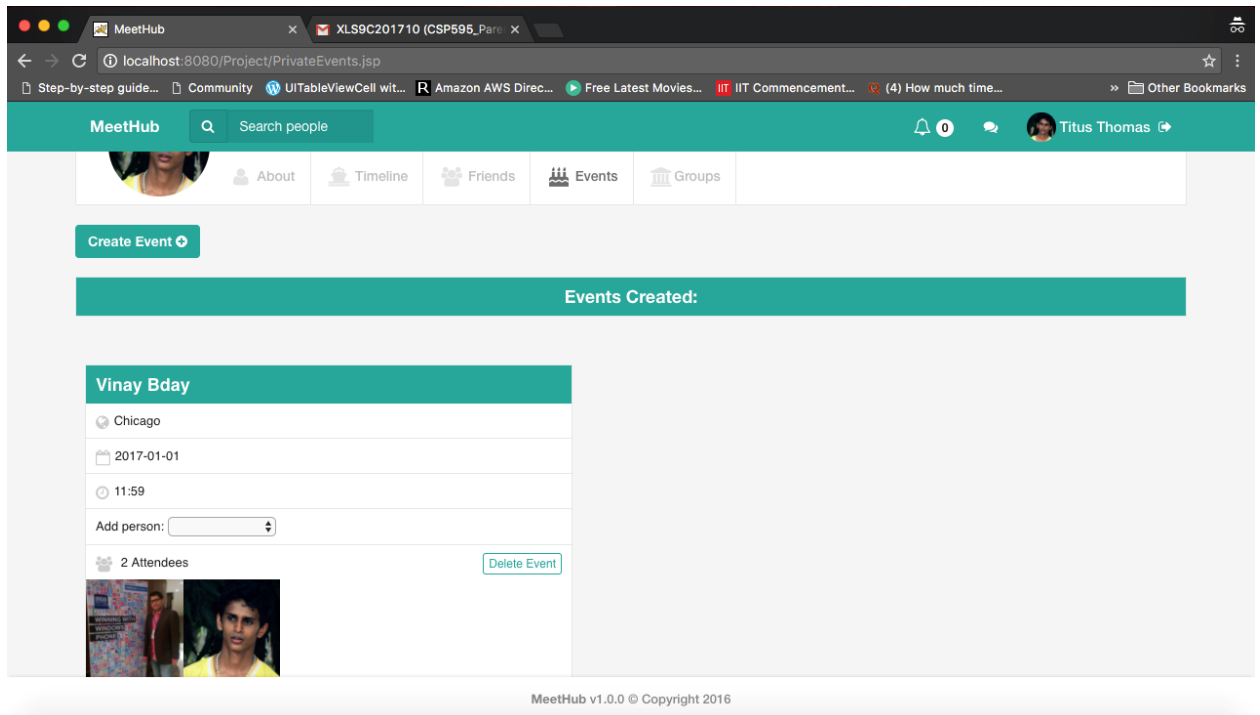

10. After accepting a friend request, we can remove them:

11. Friends Page displaying friends and common friends:

12. Events Page along with events created:

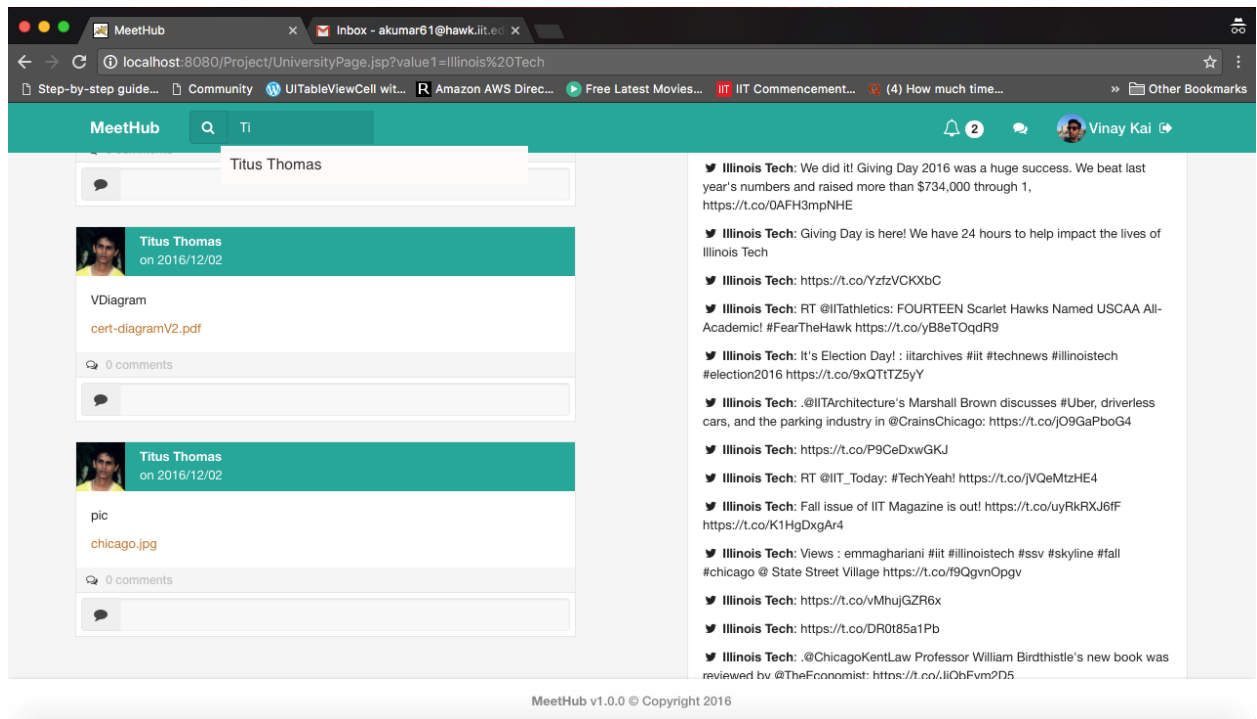

13. Create Events Form page:

MeetHub v1.0.0 © Copyright 2016

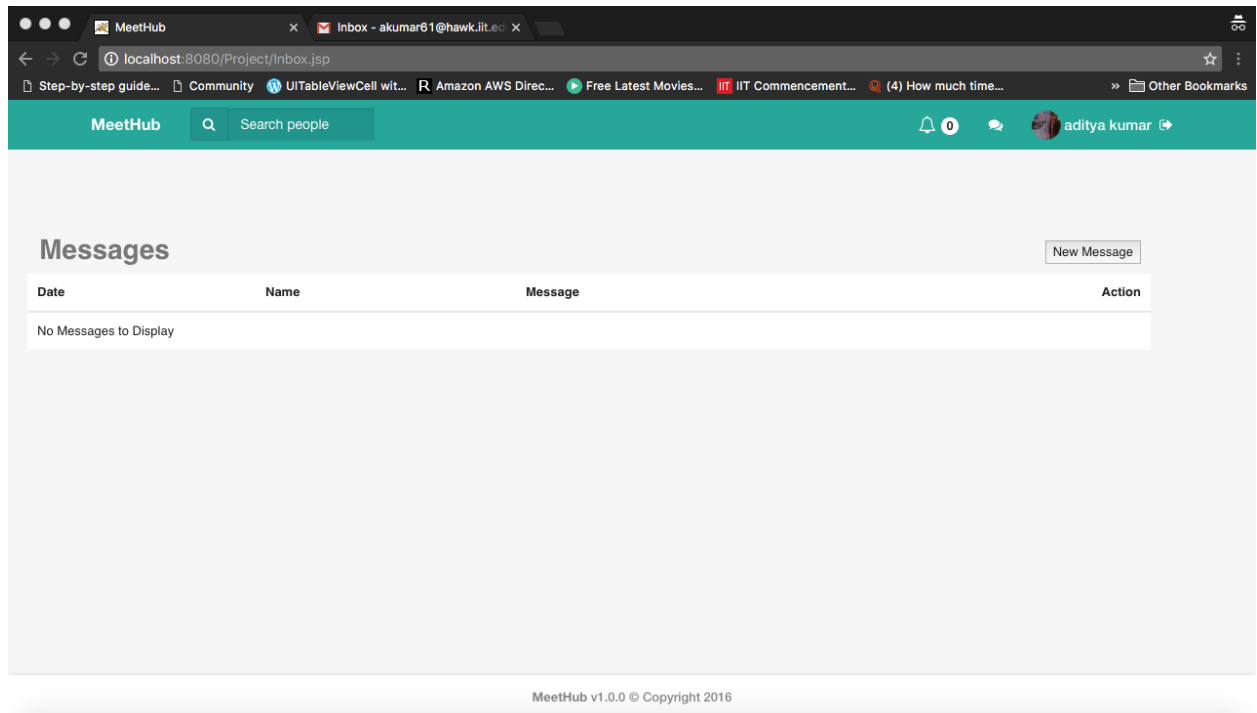

14. Groups page:

MeetHub v1.0.0 © Copyright 2016

15. Inside a group, display group users and tweets:

16. Empty inbox:

17. Send New Message:

The screenshot shows a web browser window with the URL `localhost:8080/Project/SendMessage.jsp`. The page title is "MeetHub". The header bar is teal and contains a search bar with the text "Search people", a notification bell icon with "0", a chat icon, and a user profile icon for "aditya kumar". The main content area is light gray and features a "Send New Message" form. The form has three input fields: "Sender Email" (pre-filled with "aditya@hawk.iit.edu"), "Receiver Email" (with a red asterisk indicating a required field), and "Message" (with a placeholder "Enter Message" and a red asterisk). Below the fields is a teal button labeled "Send Message". The footer of the page reads "MeetHub v1.0.0 © Copyright 2016".

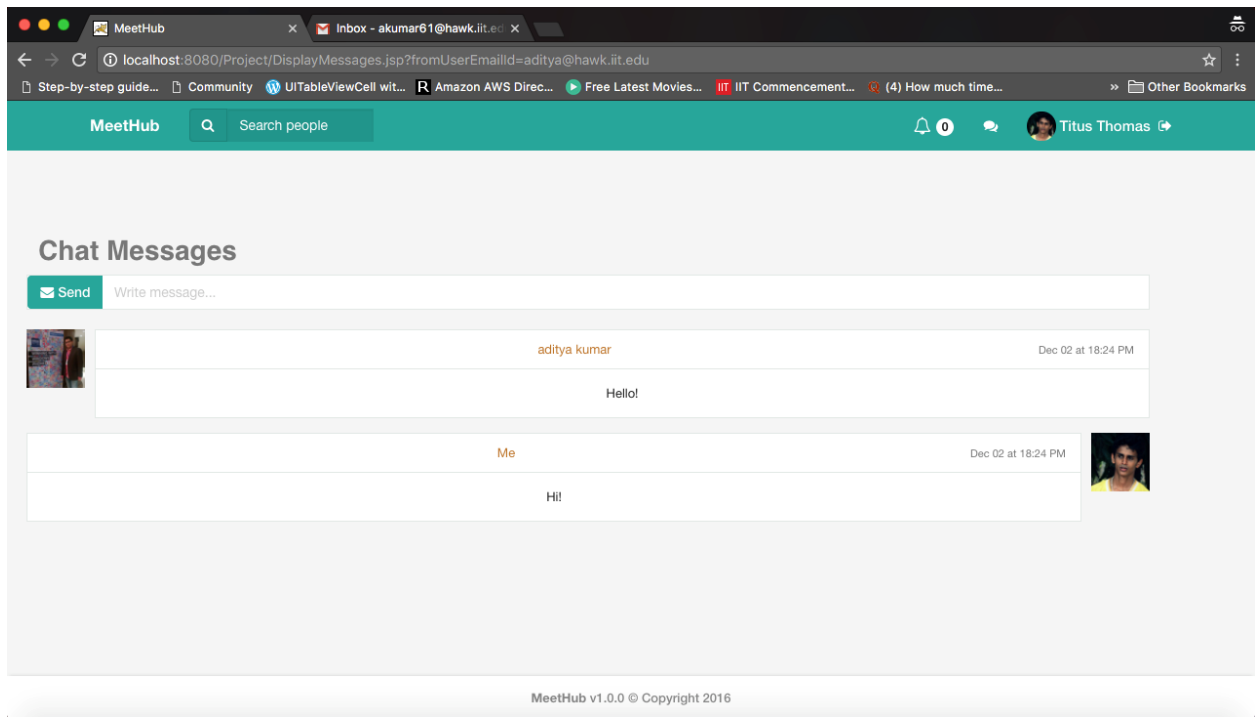

18. Inbox Message being displayed for the receiver user:

The screenshot shows a web browser window with the URL `localhost:8080/Project/Inbox.jsp`. The page title is "MeetHub". The header bar is teal and contains a search bar with the text "Search people", a notification bell icon with "0", a chat icon, and a user profile icon for "Titus Thomas". The main content area is light gray and features a "Messages" section. The section has a "New Message" button in the top right corner. Below the button is a table with the following data:

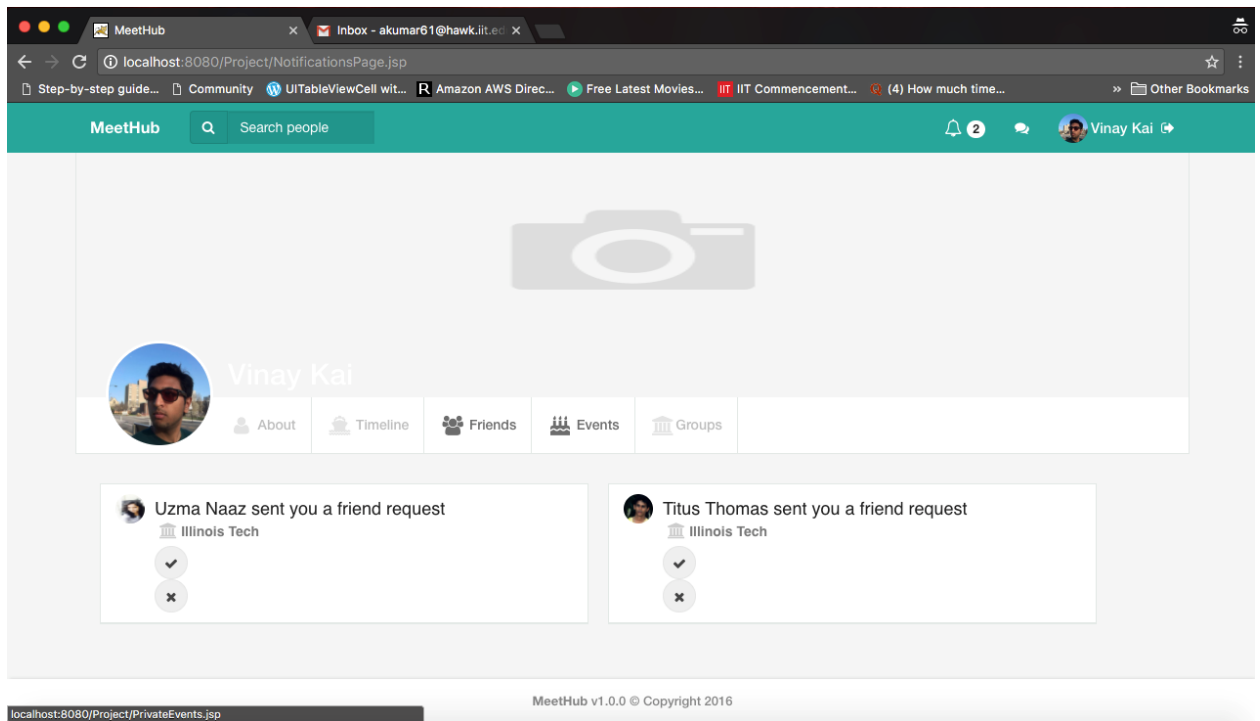

Date	Name	Message	Action
Dec 02 at 18:24 PM	 aditya kumar	Hello!	

The footer of the page reads "MeetHub v1.0.0 © Copyright 2016".

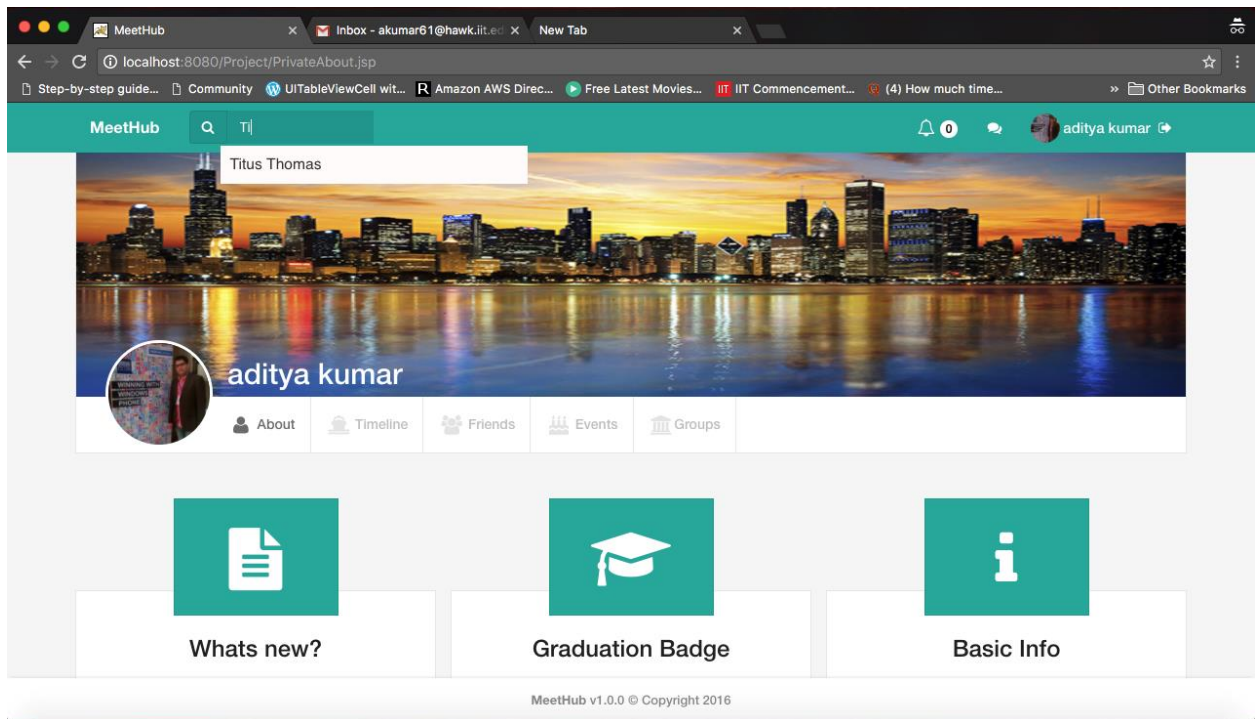

19. After replying to the message:

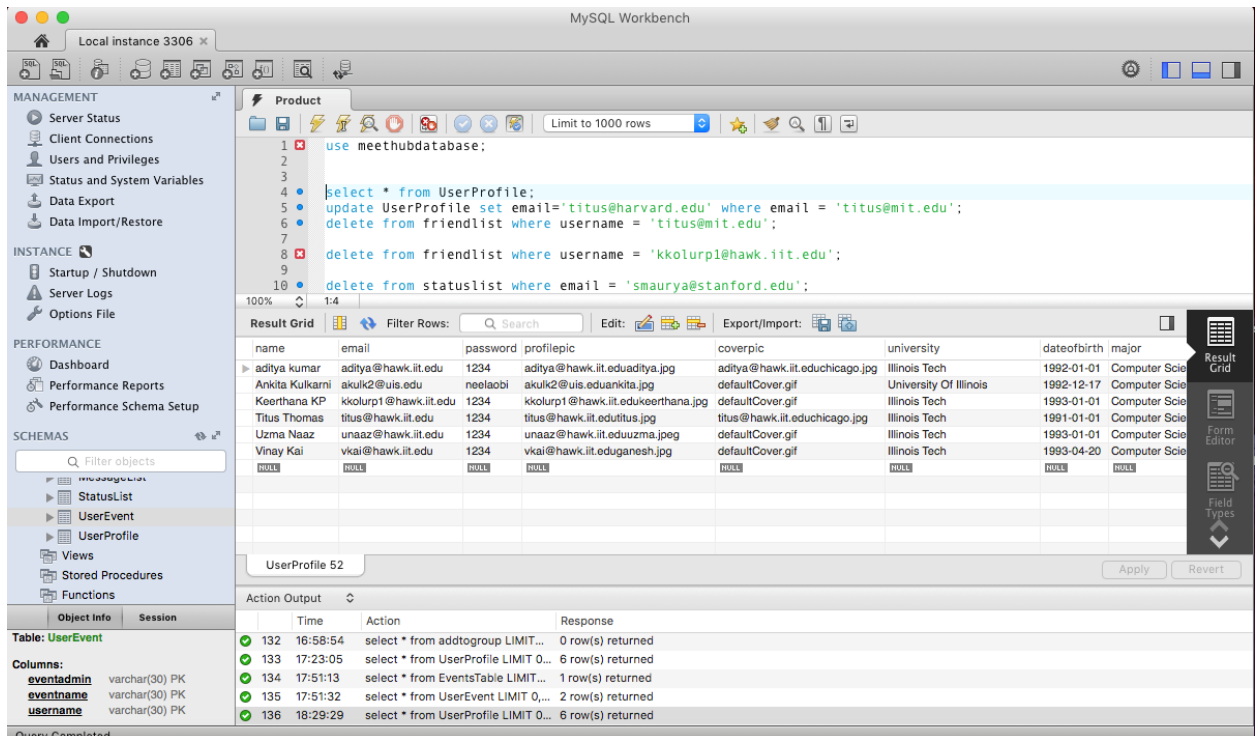

20. Notifications Page:

21. Search for users:

22. MySQL Database:

23. MongoDB:
